*Editor in Chief
Borneo J Pharm*

Assalamu'alaikum Wr. Wb.

Alhamdulillahirabbil 'alamin. After a long wait for almost 12 years from the first stand, finally the scientific journal of the Department of Pharmacy Universitas Muhammadiyah Palangkaraya can be published. This scientific journal we named **Borneo Journal of Pharmacy** (*Borneo J Pharm*), inspired by the rich treasures of traditional medicine from the Borneo island which further became the basis for the development of this periodical scientific publication. *Borneo J Pharm* published every 6 months (2 issues/year) every May and November. The aim of this journal is to publish high-quality articles dedicated to all aspects of the latest outstanding developments in the field but not limited to Pharmacology-Toxicology, Pharmacognosy-Phytochemistry, Pharmaceutical, Analytical Pharmacy-Medicinal Chemistry, Natural Product Development, Clinical-Community Pharmacy, Management Pharmacy, and other Pharmacy aspects. It was first published online in May 2018 using Open Journal System (OJS) 3.1 platform with e-ISSN 2621-4814 by url <http://journal.umpalangkaraya.ac.id/index.php/bjop>.

This edition contains 12 articles consisting of Pharmacognosy-Phytochemistry, Natural Product Development, Clinical-Community Pharmacy, and Management Pharmacy topics. Editorial boards are fully aware that there are still room for improvement in this edition, hence with all humility willing to accept constructive suggestions and feedback for improvements to the publication for the next editions.

The publication of *Borneo J Pharm* certainly participate in disseminating the results of research and review of pharmaceutical science and technology development conducted by lecturers and researchers from UM Palangkaraya and other universities especially in the pharmaceutical field.

The editorial board would like to thank the University, all editors and reviewers, and contributors of the scientific articles who have provided the repertoire in this issue. We hope that all parties, especially the contributors of the articles, could re-participate for the success of the publication in the next edition on November 2018.

Wassalamu'alaikum Wr. Wb.

Author Guidelines

BORNEO JOURNAL OF PHARMACY

Borneo J Pharm – e-ISSN: 2621-4814

1. Writing is the result of research or review of critical analysis study in the field but not limited to Pharmacology-Toxicology, Pharmacognosy-Phytochemistry, Pharmaceutical, Analytical Pharmacy-Medicinal Chemistry, Natural Product Development, Clinical-Community Pharmacy, Management Pharmacy, and other Pharmacy aspects which has never been published.
2. The manuscript is written in English or Indonesian with Gill Sans MT font 10 pt, 2 (two) column, density 1.5 spaces, on A4 paper with a top-down margins of 3.5 cm and right-left margins 2 cm.
3. The manuscript is typed with MS-Word program using the provided template and saved in .doc or .docx format.
4. The manuscript is typed strictly with the following rules:
 - a. **Title**, Short and clear, written in Indonesian and English. The title length does not exceed 20 words.
 - b. **Authors**, listed without mention of title or degree, under the name including the affiliation and complete address, and email of the corresponding author.
 - c. **Abstract**, written in Indonesian and English which is a summary of the article. Abstract are created in one paragraph and a maximum of 250 words with Gill Sans MT font 9 pt, single column, and space 1.
 - d. **Introduction**, background, reasons for the importance of underlying research or hypotheses, general approaches and objectives of research and relevant literature review. The number of paragraphs is not restricted but the contents must include background, objectives, positions on previous researches, as well as novelty of the research. Little theoretical basis which is directly related to the contents of the article could be included without sub-chapters required. Citation of more than one author written in et al.
 - e. **Methodology**, Research method consists of 2 sub-chapters including instruments and materials, and methods. If data analysis is specific, or the way of analysis is novel, then data analysis sub-chapter could be added. The sub-chapters are written without numbering or bullet.
 - f. **Results and Discussion**, at least contains three subjects (1) description of results, (2) interpretation or explanation of results, and (3) comparative of results with previous studies results. If the sub-chapters very length could be made sub-sub-chapters with arabic numbering. Description of the results can be in the form of tables and figures with serial number (Table uses a sequence of roman numerals and placed at the top, while figures using arabic numeric sequence and placed in the below).
 - g. **Conclusion**, made in a single paragraph without the citation contains the final conclusion and suggestions for advanced research.
 - h. **References**, a list of recently selected topics is published last 5 years (minimum 75% of at least 10 references). Bibliography written in alphabetical order chronologically without serial number (Harvard System) and suggested using a reference management application such as End Note, Mendelley, Zotero, and other applications.
5. The typed manuscripts submitted via OJS *Borneo J Pharm* with the url <http://journal.umpalangkaraya.ac.id/index.php/bjop>.
6. Authors whose manuscripts are published are free of charge for both Publication cost and article processing charge.
7. Authors will get 1 printed copy of issue and the article also published on e-journal of UM Palangkaraya at the website <http://journal.umpalangkaraya.ac.id/index.php/bjop>.
